

## Job Posting Notice

**Date:** March 29, 2024

**Position Title:** Full-Time, Temporary - Paid Horticulturist Internship

**Department:** Grounds

A horticulturist specializes in the science and practice of growing and managing plants. Applicants for this internship should have a deep interest in learning about the care of plants and in working with people. This is a dynamic position which rewards interested and engaged individuals with excellent job satisfaction and appreciation from residents, guests, and staff.

**Position Summary:** Under the supervision of the Arboretum Director, horticulturist interns work collaboratively with staff, residents, and volunteers to enhance and maintain the one hundred acre, internationally accredited arboretum. The private, historic property is beautifully maintained for the enjoyment of residents, guests, and staff alike. Horticulturist interns gain knowledge of technical and practical information to provide all levels of care for the plantings and grounds of the arboretum. They must be able to work with residents and other staff in a polite and respectful manner. Applicants should be willing to learn to operate equipment, primarily but not limited to tractors, mowers, utility carts, weed whackers, and chainsaws, in a safe and efficient manner. Horticulturist interns may also assist in the maintenance and repair of equipment and maintain a quality landscape that will assure residents and patients have a clean, comfortable, aesthetically stimulating, and safe environment.
