

Summer Internship – Tree Health & Conservation Technician

Company: Aspen Tree and Turf

Location: Jackson, NJ

Duration: May – August (Summer Internship)

Schedule: Full-time

Compensation: Paid Internship

About the Role

Aspen Tree and Turf is seeking a motivated and hardworking Summer Intern to join our team for a hands-on, outdoor conservation-focused role. This position is ideal for students or individuals interested in arboriculture, environmental science, or natural resource management who enjoy working outside and want to gain real-world field experience.

Key Responsibilities

- Perform **macro-injection treatments on beech trees**
- Conduct **micro-injection treatments on ash trees**
- Assist with tree health assessments and general fieldwork
- Safely transport and operate equipment in outdoor environments
- Work as part of a small team to support conservation efforts

What You'll Gain

- Paid, practical field experience in tree care and conservation
- Exposure to industry-standard techniques in plant health care
- Opportunity to fulfill **experience-based education requirements** (including eligibility for Rutgers University program credit, if applicable)
- Mentorship from experienced professionals in the field

Requirements

- Ability to work full-time from May through August
- Comfortable working outdoors in varying weather conditions
- Must be able to **lift and carry up to 65 lbs**
- Strong work ethic and willingness to learn
- Reliable transportation to and from Jackson, NJ
- Interest in environmental science, forestry, or related fields preferred

Ideal Candidate

This position is a great fit for someone who enjoys physical work, being outdoors, and contributing to environmental conservation efforts. Students pursuing degrees in related fields are strongly encouraged to apply.

How to Apply

Please submit your resume and a brief statement of interest to Aspen Tree and Turf. We look forward to helping you grow your skills this summer.
